Robert Taft, Jr., member of the U.S. House of Representatives from the first district of Ohio, will be the guest speaker at the dinner to be given at the Illinois Beach State Park, Zion, on Sunday, April 27 at 2 p.m.

Congressman Robert McClory will introduce Taft at the 12th Congressional District Women's Republican Club event. Those

Robert Taft, Jr.

attending will have an opportunity to meet Congressman Taft and Congressman and Mrs. McClory at a reception at one o'clock.

Taft was educated in the public schools and received his BA from Yale University in 1939 and LLB from Harvard Law School. He served on active duty in the Navy from 1942 to 1946 and then practiced law.

In 1955 Taft became a member (Continued on page three)

## Watch Out For Kids In Traffic

Each year over 5,000 children age 1 to 14 are killed in traffic accidents on our nation's highways. All types of accidents claim more lives in this age group than the six leading diseases combined. Nearly half of these children are killed in traffic.

Many of these young lives could have been saved by alert drivers. As a driver, you should treat children walking or riding bikes as caution signs, reminds the Safety Commission.

Because children in traffic are often careless, drivers must think and act for them to avoid child tragedies. Expect the unexpected from children walking, riding or playing.

Children playing in or near the street should be a warning to all drivers at all times. The alert driver will always expect the unexpected from children at play.

The defensive driver knows that children often run into the street from between parked cars. He will look under the parked cars for a pair of little feet that indi-

## Edison Announced Training Facility

Commonwealth Edison Co. and Westinghouse Electric Corp. announced Monday that they will build a \$5 million facility in Zion, Ill., to train nuclear power plant operators.

Scheduled for service in 1971, the nuclear training center will be located near an Edison nuclear power station now under construction in Zion. It will provide basic training and periodic re-training of operators for all nuclear power plants using pressurized water reactors.

Commonwealth Edison will supply the 30,000-square-foot building and land for the training center, while Westinghouse will equip, staff and operate the facility. Edison's 2.2 million kilowatt Zion station also will be made available to prospective operators for training-by-observation.

Commenting on his company's participation in the project, Thomas G. Ayers, Commonwealth Edison president, said: "Nuclear power today is playing an important role in providing clean rela-

## State Bar Warns Of Home Repair Gyps

There are steps homeowners should take to nip questionable home improvement deals in the bud this spring, according to the Illinois State Bar Association.

While the great majority of home improvement and repair contractors are completely trustworthy, the bar association said it issues a warning each year at this time against unscrupulous operators "who appear in the spring and disappear with the dollar."

Gyp peddlers, the bar group said, do shoddy work, use cheap materials and often leave the work undone and cannot be located.

Disappointment and law suits ordinarily will be avoided, the association added, if homeowners will take the following precautions to be sure they are dealing with reputable contractors.

1. Ask relatives or friends to recommend contractors with whom they have had satisfactory experience.

2. Call the Better Business Bureau to determine whether any complaints have been made against the contractor.

3. Ask the contractor for references, including names of customers who hired him for work

similar to yours. Look at photographs of those jobs and, if possible, visit one or more of them to examine the work for yourself.

4. Check the contractor's business address to be sure he has an office and a stake in the community.

5. Make sure the contractor carries public liability insurance to cover injury to others on the work site.

6. Obtain any necessary permits from the village or municipal authorities. Generally, a permit is required to build a garage, make an addition to the house, or alter or expand plumbing or electrical work.

7. Demand a written contract that includes detailed specifications, the date the work should start, price to be paid, materials to be used and the date of completion.

8. Make a down payment that is no larger than is necessary to show good faith. Generally, 5 to 10% is adequate.

9. Additional payments should be made only as the contractor provides written itemized invoices showing that he has paid labor and material costs for work already completed. Subcontractors can legally demand payment by the property owner if they are not paid by the contractor and they have a lien, or claim, on the property until payment is made. If the work is extensive, arrange for a bank, mortgage company, or other financial institution to handle payments.

10. Finally, don't select a contractor simply on the basis of a low bid. The low bidder may not necessarily be the best performer. Also, he may have underestimated the actual costs of doing the job correctly.

## Antioch Merchants Set Sale

Antioch merchants who are members of the Antioch Chamber of Commerce will hold a "Spring Clean-Up Sale" on Thursday, Friday, and Saturday, May 1, 2, and 3.

The public will benefit from the sale, the Chamber, which is sponsoring the event, points out.

Bargains galore will be offered by the participating merchants. Mother's Day will also be coming up and many bargains for Mom can be secured during this period.

Merchants who are not members of the Chamber have also been invited to participate.

## Mrs. Orfali To Teach at Roosevelt

Mrs. Stephanie Orfali of the Foreign Language Department of Antioch Community High School has been invited to teach intermediate German at Roosevelt University this summer.

She will be teaching during the summer school session June 23 to August 4. Mrs. Orfali is German born and is a graduate of Roosevelt University majoring in German.

She also has had additional courses in language in French at Roosevelt University in addition to her training in French in Germany and in France.

Mrs. Orfali has lived in the Middle East and South America and has traveled in most of the European countries.

## Illinois Bell Has Plan For Movers

Moving this spring? Telephone users are finding Illinois Bell Telephone's "one-call plan" a time and trouble saver in moving.

"No matter where you go, you'll probably want your phone to move with you," Antioch Telephone Manager Don Amundsen says. "So just call your service representative and she'll set the telephone 'switch' in motion." Here is how it works:

The service representative will arrange for your phone service to be disconnected at the right time. She'll even see that callers are told your new number if you like.

If you are moving to a city served by another Bell Company she'll call your distant service representative. Then this representative will call you and arrange for telephone service at your future home.

"Nothing makes moving easy," Amundsen said. "But we'll do our best to smooth your phone's transfer."

## Sister Marian Receives Honors

Sister Marian Colette, daughter of Mr. and Mrs. Frank Colette, Route 4, Antioch, was one of two recipients of Alverno college's Students of the Year awards at an Honor convocation, Wednesday, April 23, in Milwaukee, Wis.

Sister Marian was chosen for the award by a special committee of college judges on the basis of scholastic achievement, leadership, and extra curricular activities. She was one of two final choices of judges after a number of nominations by students and the faculty were considered.

Sister Marian, who will graduate summa cum laude next month with a degree in bachelor of arts, has been active in a number of college activities. She served on the Community Board, which represents the college's administrative officials, faculty and students. She is current affairs secretary of the Student Government.

Sister Marian this semester was elected to Kappa Gamma Pi, national Catholic honorary society for women, and previously chosen for listing in Who's Who in American Colleges and Universities.

Sister Marian, who majored in education, plans to teach after her graduation.

## Depke Wins 2nd Term As County Board Head

Robert W. Depke, supervisor from Warren Township, won his second term as head of the Lake County Board of Supervisors Tuesday by a vote of 22 to 15.

Depke managed to gather support from all 18 townships in his bid for re-election to the post he has held for the past year.

A county board chairman serves for one year. It has become traditional in Lake County, however, over the years, for a chairman to get two terms in office.

Depke originally succeeded Antioch Township Supervisor Lloyd E. (Red) Murrie who held the post for two years.

Depke's only opponent in this year's race was Avon Township Supervisor Norman C. Geary, who managed to get support from five townships.

Voting on the Depke side of the ledger was Murrie; Walter Ciesla and Joseph Nemanich, Waukegan; Bruce Frost and Betty Lou Reed, West Deerfield; Ronald Coles, Lake Villa; Robert J. Dickson, Wauconda; John Frantoni, Deerfield; LeRoy Fritz, Newport; Kenneth Henke and John Shafer, Benton; Ernest Minter and Grant Sisson, Zion; Harry Knigge, Elia; Clarence Pontius, Vernon; Harry Robin, Grant; Maude Stiekels, Libertyville; Joseph Welch, Cuba; Lillian Wirtz, Fremont; Leslie White, Avon; and E. Kenney Harlan, Shields.

Voting for Geary, besides himself, were Alex Brebner, Morris DeWulf, Guy O. Lunn and Henry Strenger, Shields; August Cepon, Frank Frulan, Matthew Graeber, William Lea, Janet Morrison, and Rolland J. Sandee, Waukegan; Frank Peers, Samuel S. Smith, and Grace Mary Ster, Deerfield; and F. T. (Mike) Graham, Libertyville.

Geary failed to get the vote of White who took the place on the board from Avon when Lee Harper failed to run for re-election.

Following the chairmanship election the members of the board adjourned and donned the hats of the Lake County Forest Preserve Commissioners to appoint a successor to C. Robert Whiteside of Zion who resigned from the board and forest preserve because of illness.

With Murrie presiding the commissioners voted unanimously to put in Minter as president of the forest preserve.

Minter has been serving in the job since Whiteside's illness caused him to miss all of the meetings.

## Schockmel Leaving G.L. Post

John P. Schockmel, superintendent of Grass Lake School District 36 for the past four years has announced he is leaving to take an administrative post with the Mundelein school system for the forthcoming year.

Schockmel, before coming to Grass Lake, was previously a principal and teacher for the Diamond Lake school system. He and his wife and two children live in Mundelein.

He is director of the North Lakes Teachers Credit Union and past president of the Illinois Elementary School Principals Association of Lake County.

President Gary Vaughn also announced that Miss Mildred LaPlant announced her retirement at the close of this school year.

Miss LaPlant has taught in the Grass Lake School for the past eleven years.

## ICC Orders Telephone Investigation

The Illinois Commerce Commission ordered a statewide investigation of rural telephone service.

Sixty-eight independent companies were directed to appear in defense of present party-line service. Under an order established in 1923, there can be as many as 10 subscribers on a single party line.

Chairman David H. Armstrong, announcing the investigation, said:

"There are more than 100,000 rural customers in Illinois, and many of them get service that ranges from fair to poor."

"They are demanding, and are entitled to, modern telephone service. A 10-party line today is archaic."

"The guideline of the commission will be that companies must first provide satisfactory service. Only after this is accomplished will the commission approve new rates."

The investigation, Armstrong said, takes the form of a citation to all companies to present evidence on the party-line rule. Illinois Bell Telephone Co. will also be cited, although the company does not use 10-party lines.

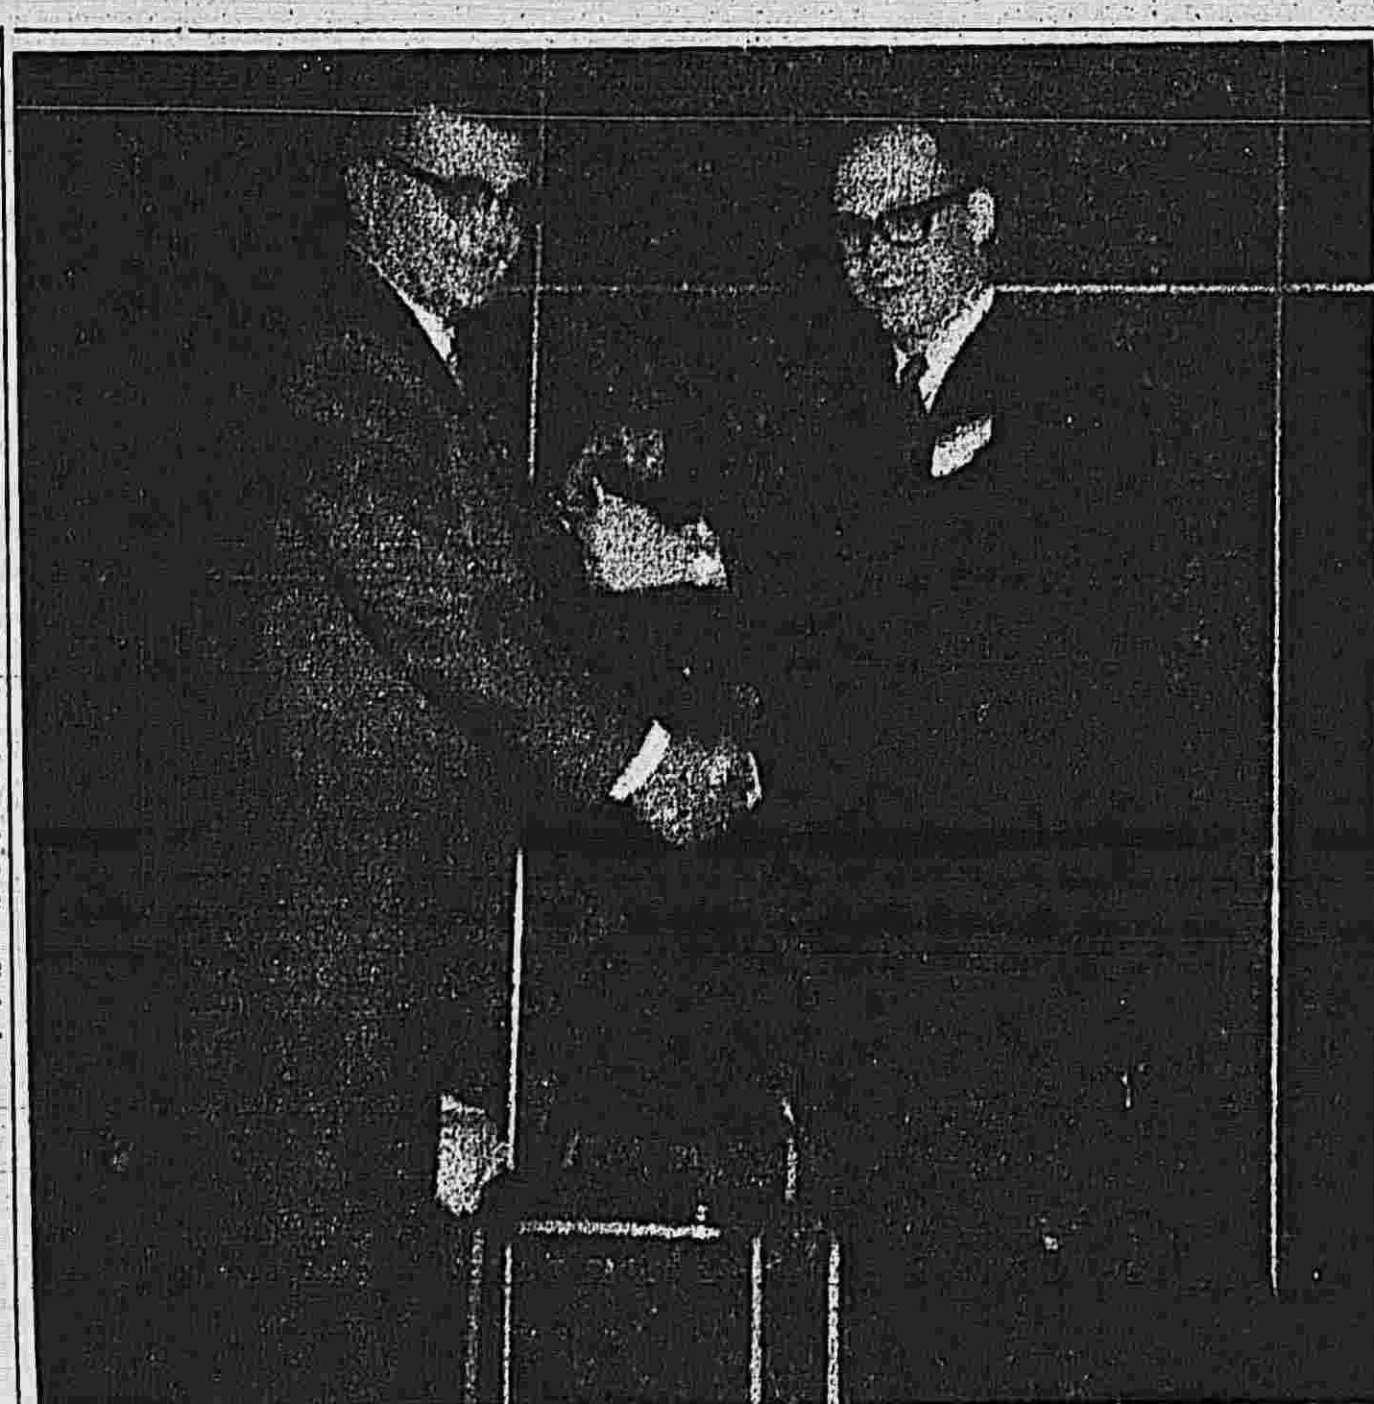

## Concert Band, Chorus And Choir Winners

The Antioch Community High School Concert Band received a superior rating for the seventh year in a row last Friday in the annual Illinois State Music Contest.

Also participating was the Freshman Girls Chorus and the A-Cappella Choir, both of which received an excellent rating.

The band and choir for the second year in a row was the runner-up in the sweepstakes award receiving the second highest number of points in both solo and ensemble and in the band and choir contest.

The band is under direction of Joseph Rush and the chorus and choir under direction of Ralph Brooke.

A plaque representing more than 40 years of association with Standard Oil in serving the motoring public was presented to Laddie Masek, the Standard Oil dealer at Milwaukee and North Avenues in Antioch. Making the presentation is M. T. Schueler, right, manager of the Chicago North marketing district of Standard Oil Division of American Oil Co.

## Antioch High, Lake Villa Get Grants

Antioch High School will receive \$21,900 under a Title I project announced by Ray Page, Illinois Superintendent of Public Instruction.

Antioch's was one of 74 additional Title I projects announced by Page. The total amounted to \$974,599.

Also included in the last was Lake Villa Community Consolidated District No. 41 with two projects totaling \$21,026.

## Masek Honored For 40 Years With Standard

Laddie Masek, a Standard Oil dealer in Antioch since 1928, was recognized for his 40-year association with the company last week.

Masek, the dealer at Milwaukee and North, was one of eight who were presented plaques by M. T. Schueler, manager of the Chicago North marketing district. Each had more than 40 years of service.

The Masek station opened on Memorial Day, May 30, 1928, and was operated by Masek and his father, Thomas, now deceased.

Although the designs of today's cars are drastically different from those when the station opened, it takes approximately the same time to do a good job of servicing a Mustang as it did a Model A, Masek believes.

Masek is the father of three children, Mrs. Joanne K'miller of Columbus, Ohio; Mrs. Myrna Erhardt of Skokie and Susan of the home, North Avenue and North Main in Antioch.

Masek's hobbies are fishing and flying—to visit his daughter in Columbus.

## CLC Nursing Program

(Sixth in a series)

One of the most ambitious curricula being planned by the College of Lake County is the Associate Degree in Nursing program. It is expected there will be 50 full time students pursuing this course of study when CLC classes begin September 11.

Director of the nursing program is Mrs. Aline Stolarik, former educational director and instructor at St. Theresa Hospital School of Nursing, Waukegan. St. Theresa, like many other hospitals, is presently phasing out its school of nursing. This will make CLC the only educational facility preparing registered nurses in Lake County.

Mrs. Stolarik explains the CLC nursing program will consist of four semesters' work, leading to eligibility for taking the Illinois licensing examination for registered nurses. She explains one of the reasons it is possible for students to complete the required work in this period of time is that the program is educationally-oriented, rather than service-oriented.

"First year students will be required to take 5 semester hours in nursing, plus 11 semester hours in specified general education courses. The second year will call for 10 semester hours in nursing and 6 semester hours of general courses. 64 semester hours will be required to attain the Associate Degree in Nursing." The CLC program will make it possible

for the student in nursing to have a college experience.

She also points out all students interested in nursing may not choose to be on a full-time basis. In particular will be those who hold jobs, and older students who have been away from the classroom a number of years. In these cases, they will work their way into the program by taking specified courses or not completing the four semesters in succession.

Students must be at least 18 years old and have a high school diploma or its equivalent, with successful completion of one year of high school chemistry or one semester of college chemistry. The limitations and restrictions associated with traditional nursing schools do not hold at CLC, Mrs. Stolarik explains further.

"We do expect to have married students and those with children. The program will be flexible to make it possible for those students unable to complete the course in two years, to spread it over a longer period. However, beginning full-time students will only be able to enter the program in September each year."

At present, Mrs. Stolarik is seeking qualified nursing instructors to teach at CLC. Miss Elaine Stoll of Libertyville is presently on staff, and it is hoped two or three additional nurses with Master's Degrees will be added shortly. Mrs. Stolarik points out there are not a great many of

these nurses available, but she has applications from two at present, and would welcome others.

As part of their learning experience, the students and instructor will utilize the clinical facilities of local hospitals and community agencies.

"Our students will concentrate on specified objectives when they are in the hospital. By holding pre-conferences with the instructor to discuss the day's objectives, and a post-conference discussing achievements of the day, students will learn from the experiences of one another as well as first-hand," said Mrs. Stolarik.

Mrs. Stolarik said clinical facilities in Condell Memorial Hospital, Libertyville; St. Theresa and Victory Memorial Hospitals, Waukegan; Zion-Benton Hospital, Zion; and Downey Veterans' Hospital will be used in the program. In addition, she is looking into the possibility of using the outpatient facilities at Great Lakes, as well as other community agencies, to further allow the widest range of nursing experience for the students.

The program is prescribed by the Illinois Department of Registration and Education, which also issues the registration examinations for graduates. When the course is successfully completed, the graduate is ready for the state nurse licensing examination and will be a beginning practitioner in nursing with ability to

carry out those functions commonly associated with the registered nurse.

"We are receiving widespread interest in the nursing program already. A number of applications have been received from persons at all age levels. The hospitals are very enthusiastic about the program, since the shortage of nurses is acute. They are anxious to see us prepare qualified nurses in hopes that

## Antioch Students Will Elect

The Antioch High School Student Council will sponsor its annual Student Council Week April 21-25, when all Council officers, class officers, and class representatives will be elected for next year.

Campaigning began on Monday, April 21, followed by speeches on Tuesday and elections on Wednesday. Tuesday will be a "dress-up" day and is also the night for the Council banquet. The elected students will be formally installed on Thursday, and the next day will be a "casual-dress" day.

During this important week will be determined the leaders of all the major students affairs of the 1969-70 school year.

### Too Late Again

It seems that we in the United States are always closing the door after the horse has been stolen.

And we did it again.

President Nixon has ordered escorts for intelligence gathering planes now that the North Koreans have knocked down one of our planes.

It would seem to us that the cover for such planes, and ships for that matter—remember the Pueblo—would have been standard operating procedure before anything happened.

And speaking of the Pueblo, the intelligence ships are now being fitted with destruct equipment that should have been installed before that ill-fated ship's voyage.

It seems that everyone and their brother is pushing us around these days.

It would be a welcome change to push back once in a while.

Maybe the day will come when our leaders realize we have only two cheeks to turn.

And they are getting kind of red all over the world from the pounding they take.

### Revised Thinking

Unrest at our colleges is getting worse and worse as the days go by.

And all of our educators are either giving in to the demands of the dissident students or being held captive in offices and on campuses.

We are not smart enough to figure out just what our youngsters want these days.

But apparently our standards are not the ones that they want to subscribe to.

The problem seems to be a lack of communication between student and institution and a yearning by the students to have a hand in the administration of the institutions.

We don't agree that the students should be the ones to tell a board whether or not a teacher or professor should be hired.

But an interesting bit of conversation came to our attention the other day.

A mother in her forties was saying that in her day the children were not allowed to speak out at home.

But her children had been taught to express their ideas.

It seems, however, that now we have taught our kids to speak out they are wrong unless they agree with us.

Maybe we should revise our standards.

### Secretary Week

This week is National Secretaries Week.

And Chambers of Commerce throughout the land are having luncheons where the boss brings the secretary—with the permission of wives that is.

Many of us do not belong to Chambers and so cannot participate in these affairs.

But don't let that stop you from taking the secretary out for lunch one day this week.

They save us a lot of grief and are deserving of the recognition.

### Your Congressman Reports....

By Cong. Robert McClary

The Bill of Rights of the United States Constitution provides specifically that "excessive bail shall not be required." This provision has been interpreted to prevent courts from setting bail at a figure higher than reasonably calculated to assure the presence of the defendant at his trial. In those cases where an overzealous judge has set bail at a higher figure, designed solely to assure the imprisonment of a defendant, the courts of appeal have been prompt in striking down such unconstitutional rulings.

In an attempt to further carry out the Constitutional intent, the Congress in 1966 passed the so-called Bail Reform Act which directed courts to release defendants charged with all but capital crimes (murder, kidnapping, etc.) upon their own personal bonds (without bail) where the judge was satisfied that circumstances would assure the presence of the defendant at the trial.

Indeed, under the Bail Reform Act, a court was prohibited from requiring security by way of bail in those cases where it appeared that a defendant would be available for trial. In other words, the fact that a defendant while awaiting trial might commit other crimes or pose a danger to society were not valid reasons for requiring bail.

Unfortunately, under the new law, many defendants released on their personal bonds have committed other crimes while awaiting trial. In the District of Columbia alone, one out of 130 persons who were arrested for robbery and released on their personal bonds pending trial, 45 were indicted for at least one additional felony. Statistics gathered from around the country indicate that a similarly high percentage of crimes were committed by those who have been released on their personal bonds.

At least three proposed methods of correcting this unfortunate development have been suggested. The most controversial of these is a proposal to permit bail as a means of imposing so-called "preventive detention." Under this system judges would be granted discretion to require bail of defendants who might pose a danger to the community, or who might be inclined to commit other criminal acts while awaiting trial on the offense for which they were originally charged.

On its face, this amendment would appear to be inconsistent with the Bill of Rights which, in providing against excessive bail, intended only that bail should be such as to assure the presence of the defendant at his trial. As a Washington, D.C. judge indicated recently:

"God knows, I try to follow the law, but what do you do when there's a guy in front of you who has already committed three armed robberies, and now he's charged with holding up a gas station with a sawed-off shotgun? Maybe you know he's a good risk. He always shows up for court appointments, but you set a

### Edison Growth Up 22 Per Cent

The amount of industrial growth in Commonwealth Edison Company's service area in 1968 increased 22 per cent over that of the previous year, according to the annual report of the electric company's industrial development department.

The report's data covers new plants and major expansions employing at least 10 persons in manufacturing or manufacturing research.

In 1968, the survey disclosed, 221 new industries and major plant expansions employing approximately 10,500 persons arranged to locate in the Edison territory. This compared with 181 industries and 15,000 employees gained in 1967.

The company estimated that the use of electric power by the 1968 industrial projects will produce additional revenues of more than \$10 million a year.

Of all industrial development recorded by the state of Illinois for 1968, the report noted, 75 per cent of the new industries and 84 per cent of the plant expansions were located in the Commonwealth Edison service area.

high bail anyway."

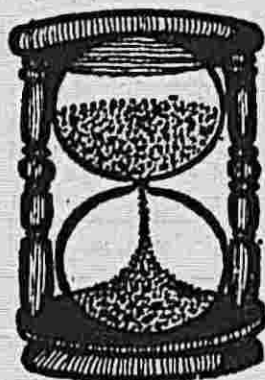

In other words, both the Constitution and the Bail Reform Act appear to be unrealistic and impractical in the daily administration of our criminal laws.

A second alternative is to restore most of the bail-fixing authority which our Federal courts had before the 1966 Bail Reform Act was passed. This would enable courts to avoid a pretrial finding that the defendant posed a danger to the community, or that he might commit additional criminal acts. The bail which the court might set would be consistent with the Constitutional intent of assuring the presence of the defendant at his trial. While this could result in a protracted period of imprisonment, it also would guarantee that the defendant would be in court when his case was called and, in many instances, he would not be on the streets committing additional criminal acts while awaiting trial on the crime for which he was first charged.

A third and possibly the most desirable solution would be to enable defendants to have speedier trials. The multiple crimes committed by many who are released on their personal bonds are committed during the long delays which occur before the cases come to trial. Speedier trials would result in the prompt imprisonment of the most dangerous criminals and their removal from society without risk of violating any Constitutional provisions.

The hearings on the Bail Reform Act have already begun in the Senate Judiciary Committee. Similar hearings will be conducted soon before the House Judiciary Committee upon which this member serves. An early solution to the dilemma is essential.

### "There Ought To Be A Law . . ."

Letters which state officials and legislators receive frequently point out some difficulty and then suggest, "there ought to be a law on this."

Sometimes they are right; sometimes they are wrong; and sometimes a law won't help appreciably.

Let me give you a practical example. One of the eyecores which has bothered me for some years as I have traveled about the state has been the auto salvage yard at which there has been no attempt at screening or keeping reasonable order.

Some of these places have done a good job, but many haven't.

So, in 1965 when I was a member of the Senate, I introduced a bill which became law which called for the screening of all salvage yards. We even had arranged for the planting of seedlings as compliance with the law, so no one would have to be hurt and eventually things would look better.

But two years after the law was enacted, you could see more places violating the law than observing it.

Two years later we changed the law to put it into the hands of the State Highway Department—and they have been too short of funds to do much either.

The law is there, but there has been little compliance with it.

I happen to think the law is right, and needed. But the law by itself is not always the answer to a problem.

I also remember when as a freshman member of the House, I introduced a bill which a hospital in my district requested. The bill would have been of great benefit to that hospital, but as it turned out, several hundred other hospitals in the state would have been hurt by my proposal. My bill was defeated, as it should have been.

There are also areas where the law can lead and perhaps help mold public opinion, but where voluntary groups and the public ultimately must help us reach desirable goals.

A good example of this is "open housing" legislation. The federal law and court decisions are strong and helpful. Most northern states (but not Illinois) have open housing laws, laws which I support and believe are needed.

Yet all of these have not changed housing patterns much. Discrimination in housing is still a major fact of life. There are still people who harbor fears that an integrated neighborhood is an economic threat.

In this area, facts must replace fears, and all the molders of public opinion have to play a role.

The law must play its role, but that role always has been and always will be a limited one.

## Children's Home To Get New Name

Now in its 75th Anniversary Year, the Lake Bluff Children's Home celebrated the adoption of its fourth name at the Agency's Annual Meeting April 10th, at the 1st United Methodist Church in Glenview.

Formerly known as Methodist Deaconess Orphanage, the Lake Bluff Orphanage and presently as the Lake Bluff Children's Home, the agency will now be known as Lake Bluff/Chicago HOMES FOR CHILDREN.

The theme for the Annual Meeting was "Lake Bluff/Chicago HOMES FOR CHILDREN stabilized in orbit around the needs of children. The over arching goal of the agency is summed up in the motto "An Adequate Permanent Family for Every Child."

From its early beginnings as an orphanage, the agency has evolved a package of multiple services to reach that goal. These include three group homes for adolescent youth in the Edgewater-Rogers Park area. Another part of the package is the Lake Bluff Counseling Center located at 77 West Washington Street in Chicago. At this office services are offered for out-patient treatment for emotionally disturbed children and their families as well as counseling and rehabilitation for unmarried parents.

The Foster Family Department of the agency, now sharing offices with the Group Home staff at 1701 Howard St., maintains a cluster of foster families in Lake County, another in Blue Island-Pullman area and is recruiting a new foster family cluster in the Rogers Park-Edgewater area. One of the largest departments of the agency is the Adoption Service. Placing more than one hundred infants a year in adoptive homes, the agency has pioneered in trans-racial adoptive placements and has a part-time homemaker recruiting families for adoption in the Black Community.

In the fall of 1969, the agency plans to open a Mother and Child Center, which will feature infant day care for the unmarried mothers who have made the choice to keep their own baby rather than to relinquish for adoption. There is no other such service available at the present time and the Trustees of Lake Bluff/Chicago Homes for Children, according to President Philip Keenan, report that this is the "next opportunity for the agency to demonstrate its role as a voluntary agency by initiating a new needed service."

Having closed its residential treatment center at Lake Bluff last August, the agency is also planning a new residential treatment center in the City of Chicago at some future date.

## Subcommittee Reports Highlight Meeting

Subcommittee reports highlighted the last meeting of the Lake County Housing Study Committee. At the session, Chairman Richard Kennedy charged the members to suggest broad strokes and daring measures in their capacity as advisers to the County Board of Supervisors. The group was formed by action of the Board to survey the housing needs of the county in light of current and anticipated growth.

Robert MacGruder, chairman of the subcommittee on laws, codes and ordinances said his group felt the major obstacle to housing development at present is the attitudes of citizens and County Board members toward zoning. It was also felt that a better proportion between the number of apartments being built and single family residences is needed.

The subcommittee on housing development brought up a bill now pending in the General Assembly which would change the tax on mobile homes from personal to real property. One member suggested that in formulating the housing study, sites for mobile homes should be located throughout the County rather than lumped into a single area, and that standards be set high enough that such developments would not be undesirable to adjacent areas.

A major problem facing the subcommittee on utilities is that of sewerage facilities. Financing seems to be the biggest problem. Currently sewerage is handled in the County by the North Shore Sanitary District, the County Public Works Department, by villages and private individuals.

Kennedy summarized by pointing out there can be no effective plan for housing development unless sewerage facilities are countywide.

County Development coordinator Jerrold Soesbe was invited to the next meeting of the Committee on April 18, to discuss how Federal aid might be available to help the growth envisioned within the next few years.

## County Realtors To Meet April 28

The Waukegan-Lake County Board of Realtors will hold a dinner meeting at 7 p.m., April 28 in the Renwood Country Club, Round Lake Beach.

The program will be presented by the Lake County Soil and Water Conservation District and will present ways in which the recently complete soil map of Lake County can be used by the realtors.

Speakers will be Ken Fiske, executive director of the Northeast Illinois Natural Resources Service Center; Richard Dueterhaus, soil conservationist with the U.S.D.A. Soil Conservation Service working in Lake, McHenry, Cook, DuPage, Kane, Will and Kendall Counties.

## Lions Will Charter 23,000th

Maintaining its position as the world's largest service club organization, Lions International has announced the chartering of its 23,000th club. This places the Lions close to 10,000 clubs ahead of the next largest service group, according to Lions International President David A. Evans of Texas City, Texas.

Evans officially welcomed the Brook, Indiana, Lions Club at their Charter Night celebration on April 16. Brook is the 412th Lions Club in Indiana, with some 19,000 members in that state.

Lions International is probably best known for its work with the blind, maintaining eye banks and leader dog schools throughout the world. However, they have been responsible for the building and equipping of schools, hospital wards, rehabilitation centers, playgrounds, parks and civic centers.

The Lions' internationally famous motto, "We Serve," takes form in hundreds of thousands of projects each year within the ten major categories of Lionistic activities: agriculture; boys and girls; citizenship and patriotism; civic improvements and community betterment; education; health and welfare; international relations; safety; sight conservation; and youth exchange.

Well over 500,000 humanitarian projects are completed each year by the 23,000 Lions Clubs. Today there are more than 900,000 members in 145 countries and geographic areas throughout the world.

## Insurance Benefits Detailed

Veterans eligible for special G.I. insurance because of service-connected disabilities may now apply for this coverage any time within a year after notification by the Veterans Administration of their disability rating.

John B. Naser, manager of the Chicago VA Regional Office, said that previously application had to be made within a year after VA's determination of the disability rating. He emphasized that the year starts from the date on the VA notification—not the day the veteran receives it.

The coverage is under the National Service Life Insurance Program and provides policies of up to \$10,000 for men disabled in service who often have difficulty getting commercial insurance. It is in addition to converted Servicemen's Group Life Insurance for which veterans may apply after separation from service.

Naser said that for the disabled veteran to be eligible for NSLI coverage he must be in good health except for his service-connected disability.

Veterans may convert SGLI regardless of disabilities or health conditions. They must apply within 120 days after discharge to one of the nearly 600 companies VA has approved to handle converted SGLI policies. Maximum coverage under this program is also \$10,000. Thus, a disabled veteran eligible for both NSLI and a low-cost converted SGLI policy may be covered up to \$20,000.

## Supervisors Vote Hike For Meeting

The Lake County Board of Supervisors met in regular monthly session April 15 and voted to increase the amount of money paid to members for attendance at committee meetings.

The increase is from \$15 to \$20 per session but will only apply to those who won election in the township races on April 1.

According to State law no public official may vote himself a pay increase while still in office. The other 18 supervisors and assistants elected in 1967 would not be eligible for the higher per diem until re-elected to the County Board in 1971.

Assistant Supervisor Rolland Sandee of Waukegan Township offered an amendment which called for no member to be paid for a liquor commission hearing and a Board committee meeting on the same day.

Assistant Supervisor Samuel Smith of Deerfield Township said he didn't believe the vote on the amendment had any validity from a legal standpoint because the matter hasn't been tested in court.

The amendment failed by a vote of 19-12. Board members then proceeded to pass the resolution increasing the per diem to \$20 by a margin of 28-3. The amount of per diem for all members attending regular meetings of the full board will remain at \$25.

## Powell Points To Library As National Good

Secretary of State and State Librarian Paul Powell, in urging all citizens to visit their public libraries during National Library Week starting Sunday, April 20, and continuing through April 26, stresses the basic relationship of libraries to the national good.

"Nothing in our national life can continue to prosper, to grow in body and in spirit without the backup of information and the food of wisdom and recreation stocked in libraries," Mr. Powell said.

"Even those who boast of reading—nothing beyond a newspaper—are forced into an awareness of the world by men and women who have spent time in study and in pleasure so that they might have the facility to report."

"Today we are only at the fringe of a new era in which rapid retrieval of information will be paramount to continuing successful existence. Machines will give instant answers enabling us to by-pass hours of independent and laborious research. But, the questions still must be formulated by minds which have matured through independent and laborious research."

"Librarians in public, academic, private, and special libraries all over the nation are dedicated in service to the present and the future and they are caretakers of the records of the past. They work in the most sophisticated levels of learning for the educated and in the simplest forms to attract the very young and the underprivileged."

"We in Illinois are proud of the advances made under the Library Development Act of 1965. There are now eighteen library systems covering the state, giving new vigor to local public libraries with solid continuing financial support and professional counsel."

"During National Library Week all citizens should visit their libraries and learn how and why their use has doubled, even tripled, in the last few years. Such visits will open up appreciation of the ever present means by which, as this year's slogan pleads, you may 'Be all you can be—Read!'"

## Accelerator Site To Commission

Gov. Richard B. Ogilvie turned over ownership of the 6,800-acre site for the National Accelerator Laboratory to the U. S. Atomic Energy Commission at a civic luncheon April 10 in Chicago.

The laboratory complex, which will include the world's largest proton accelerator for splitting particles, will be located in DuPage and Kane counties, east of Batavia.

"Transmittal of the property to the Atomic Energy Commission," Governor Ogilvie said, "brings to fruition the hard work, sacrifices and contributions of many dedicated Illinoisans. Also it allows construction of the accelerator laboratory to proceed on schedule, and this will yield significant benefits for the economy of Illinois."

## Watercolor Classes Set

Another series of classes in Watercolor will begin on May 7, and continue throughout the month of June. Meeting in Pioneer Hall, 2424 Washington Street, Waukegan, from 9 to 12 noon on Wednesday mornings, the classes will be instructed by Mrs. Gertrude Hansen.

Mrs. Hansen is a member of the Lake County Art League and an artist in her own right. The eight-lesson series will cost \$25, payable in advance. For a place in the class call Mrs. Hansen at DE 6-5823.

## William D. Pratt Promoted At Abbott

William D. Pratt, Director of Advertising at Abbott Laboratories for the past nine years, has been named to the new position of Director of Market Planning for the company's Consumer Products Division.

The move reflects Abbott's commitment to greatly intensify its equity in the consumer goods market, and particularly in the leisure time field, according to Melvin Birnbaum, Vice-President of the division.

Two members of the cast of Salem Central High's all school spring play "The Death and Life of Carry Benson" rehearse their parts. The drama will be presented Friday and Saturday, April 25 and 26 in the CHS gymnasium at 8 p.m.

## Central High Spring Concert

Central High School will present its annual spring concert Wednesday, April 30 at 8:00 p.m. in the Central High School gymnasium. There is no admission charge.

All choral groups at Central will participate. A feature of the concert will be the premiere of a new choral work, commissioned for the mixed chorus, "Behold, How Good and Pleasant," based on a text from Psalm 133, was composed by 25 year old Keith Clark of Los Angeles.

## Women's Role Will Be Discussion Topic

"The Changing Role of Women" will be examined by delegates to the 85th annual meeting of the Episcopal Churchwomen, Diocese of Chicago, set for April 24-25 at Illinois Beach State Park Lodge, Zion.

Keynote will be the Rev. Canon Eric James, canon residentiary and precentor of Southwark Cathedral in London, England. Canon James, formerly director of Parish and People, a church renewal organization, is a graduate of Trinity College, Cambridge University. The dioceses of Southwark and Chicago, currently linked as "companions," both include city, suburban and small town parishes.

Election of Churchwomen officers is slated for Thursday afternoon, April 24. A service of Holy Communion and the United Thank Offering Gathering is planned for 7:30 Friday morning, with the Rt. Rev. Gerald Francis Burrill, Episcopal Bishop of Chicago, as celebrant. New officers will be installed by the Rt. Rev. James W. Montgomery, Bishop Coadjutor.

About 250 delegates are expected from the 145 Episcopal churches and missions in the diocese, reported Mrs. Michael Vinik, Libertyville, convention chairman. Churchwomen president is Mrs. Milton C. Haase, 505 N. Lake Shore Drive, Chicago.

## Rose Tiemann Is New Bride

Rose Marie Tiemann, daughter of Mr. and Mrs. Edward Tiemann Sr., of Lake Villa, became the bride April 12 of Leroy J. Williams, son of Mr. and Mrs. Raymond Williams, of Gurnee, in a double-ring ceremony performed by the Rev. David M. Ponath in Faith Evangelical Lutheran Church, Antioch.

The bride chose a white bouffant gown with a detachable waist train fashioned of re-em-broidered alevion lace and organza. Her head dress was a cluster of lace and organza petals with crystals and seed pearls which held her bouffant illusion veil.

She carried a rainbow cascade of carnations with white satin streamers.

The maid of honor was her sister, Gloria Tiemann, who wore a floor length yellow dress of georgette over satin and featured a wattle train headpiece with a blusher veil. She carried a colonial bouquet of white daisy pom-poms with eggshell streamers.

Eugene Williams, brother of the groom, served as best man.

A reception for 50 persons followed the ceremony at the home of Mr. and Mrs. Raymond Williams, 3917 Drexel Ave., Gurnee.

The new bride is a graduate of Antioch High School.

Clark is currently working toward his Ph.D. in theory and composition at UCLA, the institution from which he received his undergraduate degree and Masters. He has studied composition with Roy Harris, Henri Lazarof, and John Vincent and conducting and choral techniques with Robert Ghaw, Margaret Willis, and Roger Wagner.

The work commissioned for the Central Chorus will be published as part of the Keith Clark Choral Series.

Another feature, groups and soloists who will be performing at the State Solo and Ensemble Festival the following Saturday at Whitewater, will sing. The choruses will sing the music they are preparing for the Band and Chorus festival at Lake Geneva on May 17. All choral groups are under the direction of Keith Lunde.

## THE ANTIOCH NEWS—5 THURSDAY, APRIL 24, 1969

### ANTIOCH EV. FREE CHURCH HOLDS MOTHER-DAUGHTER BANQUET

"In the Garden" was the theme of the annual Mother-Daughter banquet of the Antioch Evangelical Free Church, held at the Antioch Savings and Loan recreation room on April 12th. Beautiful and artistically arranged floral centerpieces in scooped-out pineapple halves; colorful plastic wheelbarrows filled with more flowers; and miniature gardens complete with tiny white picket fences, small ponds and flowers decorated the tables. A delicious roast beef dinner with all the trimmings was served to the approximately 140 mothers, daughters, grandmothers and granddaughters in attendance, by the men of the church.

The AWANA girls presented a skit, and sang several selections. Mrs. Mary Stous, her daughter and Miss Jena Brown from the New Tribes Bible Institute at Waukesha, Wis., were next on the program. Young Miss Stous entertained the audience in both singing and strumming her guitar, while Miss Brown accompanied her on the harp. Since both girls' parents have been missionaries in Paraguay, the young ladies sang a medley of Paraguayan melodies, as well as many religious hymns.

Mrs. Stous' talk was an inspirational one, tying in the theme "In the Garden" with Mothers and Daughters.

Mrs. Bernard Fosmark was the general chairman, with many women of the Antioch Evangelical Free Church serving as either co-chairmen or on the various committees.

### Donald Sherwood Joins Phi Eta Sigma

BLOOMINGTON, ILL. — Donald Sherwood, son of Mr. and Mrs. C. Donald Sherwood of 340 W. Grand Ave., Lake Villa, was recently initiated into Phi Eta Sigma national scholastic fraternity for freshman men at Illinois Wesleyan University.

To be eligible for Phi Eta Sigma a student must earn a grade point average of 3.5, based on a 4.0 average for straight A's, during his first semester in college.

Mr. Sherwood is a freshman biology major at IWU. He is a 1968 graduate of Antioch Community High School, Antioch.

Marybeth Bentel plays Lizzie and Gary Richter plays File, the deputy, in the PM&L production of "The Rainmaker." Both are from Antioch.

## 'Rainmaker' Wins Praise Of Audience

Last week's viewers of the PM&L production of "The Rainmaker" left the PM&L Theatre with many words of praise for the play, the cast, and the director, Donald Beveroth.

Outstanding performances were given by the entire cast—Bob Holiday as the Rainmaker, Marybeth Bentel, Mike Ciesielka, Bob Davis, Bob Lindblad, Gary Richter, and Don Beveroth. There were no "small" roles in this

play. They all were immensely important to create the entireness of the story and mood.

Theatre-goers can still see this rib-tickling comedy on Friday and Saturday, April 25 and 26 at 8:30 p.m. at the PM&L Theatre, 877 Main St., Antioch.

The art exhibit in the lobby features paintings of Spain and Portugal done in oils, water color, and charcoal by Dr. James Kopriva.

Winners of the contest who guessed most accurately the number of cubic inches of rain the Rainmaker had to make to fill the rainbarrel were Mrs. Olive Burke, Antioch, first; Dr. James Kopriva, Antioch, second; and Robert Burke, Wadsworth, third.

Tickets are on sale at the box office or can be purchased or reserved at Wes Camp's Standard Station, corner of Main and Park, Antioch, 395-9708.

Larry L. Wise, of Antioch, son of Mrs. Nettie Wise, of Keokuk, Iowa, in St. Mark's Lutheran Church, Lindenhurst. The Rev. Harold Nelson officiated.

The bride wore a floor length gown of white silk organza and chantilly lace over bridal taffeta. The bodice was fashioned with scalloped neckline and long lace bridal sleeves. The skirt was a sheath with detachable chapel length train. The headpiece was of pearls and lace petals and roses with imported illusion fingertip veil.

Attending the bride was Nancy J. Geiger, of Antioch, as maid of honor, and Janice Peterson and Diane Nettles, cousins of the bride, as bridesmaids. Claud J. Yoe, Jr., of Cedar

## Paddock Lake Area BPW Name Officers

Paddock Lake Area Business and Professional Women's Club held its meeting on March 31 at Central High School. A slate of officers was presented and voted on. Those who will hold office for the next year are:

President — Ruth Ketterhagen (Mrs. Don), Paddock Lake, Salem, Wis.

Vice-President—Betty Lou Koenecke (Mrs. Forrest D.), Salem, Wis.

Recording Secretary — Greta Gegan (Mrs. Hugh), Silver Lake, Wis.

Corresponding Secretary — Pat Klemko (Mrs. Albert), Bristol,

Treasurer — Nancy Laubscher, (Mrs. John), Salem, Wis.

The following committee chairmen were appointed:

Membership — Irene Chaban (Mrs. Joseph); Civic Participation—Greta Gegan; Legislation—Doris Magwitz; World Affairs—Delsie Keller; Public Relations—Bulletin Ed.—Bernice Olson; Personal Development—Dellah Wiscocki; Finance—Patricia Lang; Program Chairman—Betty Lou Koenecke.

Chairman for the Charter Night to be held on May 10 at Twin Lakes Village Inn is Mrs. Rita Schriker, of Bristol, Wis.

Several clubs were represented at the first meeting of the newly formed club. Miss Ruth Lenz and Miss Henrietta Pruisen lent a hand in the development of the by-laws, and got the club on the road. It is hoped that a large number of sister clubs will be represented at the charter night.

Rapids, Ia., was best man, and David Toft, brother of the bride, Merle Zwiefel, brother of the groom, Gary Barnes, nephew of the groom, and James Nettles, cousin of the bride, served as ushers.

The bridesmaids and maid of honor wore floor length gowns of jade chiffon over taffeta. The bodice was fashioned with a ruffled neckline and long full sleeves. The headpieces were a single rose made of jade chiffon over taffeta with a floor length imported illusion veil. The headpieces were made by the bride.

The bride carried a cascade of white roses and white daisies while her attendants carried white, yellow and blue daisies, pink carnations and a single red rose.

A reception followed the wedding at Lorenz's Smart Country House, Antioch. After a honeymoon trip to New Orleans, the couple is at home at Petite Lake, Antioch.

The new Mrs. Wise is a graduate of Antioch High School while her husband graduated from Keokuk High School and is a senior at Deury Tech.

## CHRISTIAN SCIENCE CHURCHES

"Probation After Death" is the subject of Sunday's Bible Lesson-Sermon in all Christian Science churches.

Services at First Church of Christ, Scientist, BEACON HILL, Rte. 173 and Harden, will begin at 11 A.M.

"Verily, verily, I say unto you, He that heareth my word, and believeth on him that sent me, hath everlasting life, and shall not come into condemnation; but is passed from death unto life." This verse in the Responsive Reading is from John 5.

A correlative passage from the denominational textbook states: "If a man is never to overcome death, why do the Scriptures say, 'The last enemy that shall be destroyed is death?' The tenor of the Word shows that we shall obtain the victory over death in proportion as we overcome sin" (Science and Health with Key to the Scriptures by Mary Baker Eddy).

## Mom, Daughter Banquet May 2nd

The Fifth Annual Mother and Daughter banquet sponsored by the Wesley Evening Circle will be held on Friday, May 2, at 6:30 p.m. in Wesley Hall at the United Methodist Church of Antioch. All mothers and daughters of the church are most cordially invited to attend.

Reservations must be made for this event and can be made by calling Mrs. William Paschke, 395-4428, the church office, 395-1259, or from any circle member. Reservations should be in no later than April 30.

## Irene Doyle Bride Of Michael Gross

Irene Clara Doyle, of Rte. 1, Antioch, daughter of Mr. and Mrs. John Doyle, became the bride April 12 of Michael Alan Gross, son of Mr. and Mrs. Emil Gross, Rte. 1, Zion, in ceremonies in St. Patrick's Church, Wadsworth. The Rev. W. T. Slattery officiated.

The bride chose a white satin gown with a lace bodice, sleeves and cathedral train with Juliet cap of lace and pearls and an elbow-length veil.

She was attended by Kay Kuechenmeister, of Antioch, as maid of honor and Rebecca Rihimacki and Virginia Doyle, the bride's sister, as bridesmaids.

Best man was Edward Gross, of Zion, a brother of the groom.

A reception followed the wedding at the VFW Hall in Waukegan.

The bride is a graduate of Antioch High School and North Central College. The groom is a graduate of Zion-Benton High School and Kenosha Tech.

## GOOD CITIZENS BUILD BETTER COMMUNITIES

Citizenship involves more than casting a ballot, attending a civic club meeting, and obeying the law.

Citizenship means wholehearted, day-to-day support of both government and the civic and philanthropic agencies which work for community improvement.

(Name of agency or project) benefits your community and —directly or indirectly—benefits you and yours. And your help is appreciated, needed and deserved.

Help, won't you?

## Christian Science Lecture Set

Atomic chaos overcome by spiritual understanding will be the theme of a one-hour public lecture here on Saturday, April 26, by Jules Cern, C.S., a member of The Christian Science Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, Boston, Mass.

The lecture is being sponsored by First Church of Christ, Scientist, Round Lake and will be given at 3:30 p.m. in Grayslake High School, 400 N. Lake Street, Grayslake, Illinois. Title of the lecture is "Christian Science: Dominion Over the Atom."

Mr. Cern began devoting full time to Christian Science healing many years ago. As a member of The Christian Science Board of Lectureship, he has lectured in nearly all parts of the world. He is a former advertising manager and actor, having appeared in plays on Broadway and throughout the United States and Canada. He currently resides in Scarsdale, New York.

The State Champions, the Woodstock ritual team, performed the enrollment ceremony that added 10 more members to the rolls for the Loyd Order of the Antioch Moose Lodge on Saturday evening, April 19th. All dressed up in gold jackets and performing the ceremony were, Basil Colburn, as governor; J. Forrest Brown, junior governor; William Darr, past governor; Jack D. Kerlin, prelate; James H. Thomas, orator; and Jack P. Freund, sgt.-at-arms. Every one of these brothers are past governors of their lodge and J. Forrest Brown is also a pilgrim. Every one is a legionnaire and each one holds the title as a Fellow, the second degree of the Moose. Their performance of the ritual was a beautiful first impression for the new members enrolled.

New members for the Antioch Moose Lodge are as follows:

New members for the Antioch Moose Lodge are as follows: Philip Gentile, the bartender, sponsored by Bruce Borchardt; Stanley E. Anderson, sponsored by governor Scotty Birdsall; Paul Roger Ferris, sponsored by Alva Justus; John Svitaneck and William Hess, both sponsored by Lester Sperling; Bill Harris, sponsored by Ronald Serwa, and Anthony Battaglia, sponsored by Robert McDonald.

Re-enrollments for the evening were Edwin C. Petersen, past governor, sponsored by Arthur LaFlamme, James Ksiazek, sponsored by Gov. Birdsall, and Chester Jozaitis, sponsored by Edward Teckorius. For each new member enrolled a candle was added to the cake that will celebrate the lodge's 20th birthday on May 20th. There are now 21 candles on this cake and more can be added for the next enrollment which will be held on Sunday morning, May 18.

The legionnaires of the Antioch Moose held their meeting at the Moose Home on Sunday, April 20, with 15 members present. A report was given for the card party project and discussions pertaining to the remodeling program for the front of the building was part of the business of the day. Harriet Grovie and Gerry Mark made final plans for the dinner outing which will be held at the Bristol Oaks restaurant in Wisconsin on Saturday evening, May 17th. Any legionnaire members who wish to attend this dinner outing should contact either Harriet or Gerry to make their reservations. An election for new officers to run the lodge get-together will take place at the dinner outing in May.

The installation for the new officers will take place at the Antioch Moose Home on Saturday evening, April 26, starting at 8 p.m. Bob Mathews is assistant sergeant-at-arms and not Paul Schindel as reported last week. All members and guests are invited to attend the installation for the newly elected officers of the Antioch Moose Lodge. A smorgasbord feast will be served and music for dancing will be provided for by the Brylinke Band. The new officers will take their chairs at the first meeting in May.

Governor Birdsall and North Moose Gene Hanner attended the installation of officers held at the Chicago Greater 3 Lodge on Thursday evening, April 17th. They stayed for the regular meeting that followed the seating of the new officers.

Mrs. Ray Rathmann, of Antioch, seated from left, district treasurer, Mrs. Richard Brady, 10th district director, Mrs. John Mould, Wauconda, district alternate director; standing from left, Mrs. Joseph Hogue, Waukegan, district sergeant-at-arms, Mrs. Thomas Rizzo, Lake Zurich, district chaplain, and Mrs. Herbert Gleason, Libertyville, district secretary, were guests at the Antioch American Legion Auxiliary at the organizations last meeting here.

## Legion Auxiliary

By Del Jahneke

At the recent meeting of the American Legion Auxiliary No. 748, held at the Antioch American Legion Home, the seven winners of the Americanism essay contest received their awards.

On behalf of the Antioch Unit, Mrs. Ray Rathmann, Americanism Chairman, presented cash prizes to Class I winners: Yolanda Holtz, 7th grader; 2nd, Connie Wiczorek, 8th grader; both from St. Peter's Catholic Grade School; and tied for third place: Sandra Stewart and Carol Wells, both 8th graders from Oakland Grade School. Class III winners were: 1st, Valerie Strom; 2nd, Debra Zeason; and 3rd, Charles Brady, all seniors at the Antioch Community High School. Each student read their essay to an admiring audience.

There was a short recess in order that the students, their parents, Mrs. Michael Tulumello, High School teacher; Sister Mary Catherine, St. Peter's School teacher, and the auxiliary members could partake of refreshments.

The Auxiliary then re-convened with Mrs. Bernard Stadick, President, conducting the meeting. A \$5.00 donation was made to the Red Cross. Six District Officers were honored guests: Mrs. Richard Brady, District Director; Mrs. Herbert Gleason, Libertyville, District Secretary; Mrs. John Mould, Wauconda, District Alternate Director; Mrs. Joseph Hogue, Waukegan, District Sergeant-at-Arms; Mrs. Thomas Rizzo, Lake Zurich, District Chaplain; and Mrs. Rathmann, Antioch, District Treasurer.

Mrs. Brady gave a brief talk, praising the Antioch Unit on their achievements, and expressed pleasure that she was an honored guest. Every District Officer was given a personal gift from the Antioch American Legion Auxiliary.

Auxiliary members were distressed to learn that Mrs. Trudy Nelson, First Vice President, who has already been hospitalized for six weeks at Victory Memorial Hospital, will still be undergoing medical treatment for several more weeks. Cheerful messages would surely be a big boost for her morale!

Card games were played after the meeting. Refreshments were served by Mrs. Lester Zitkus and committee.

## Beach Grove News

By Del Jahneke

Annual rummage & bake sale, sponsored by the Parent's Club of the Emmons School, located at Beach Grove Road and Rte. 59, will be held on May 3rd, from 9 a.m. to 4 p.m., at the Emmons School. Mrs. Charles Vesely is chairman and Mrs. Gordon Volling is co-chairman. Come one, come all, to one of the nicest sales found anywhere! Refreshments will be served.

Miss Barbara Balsamello, Beach Grove, was the guest of honor at a lovely bridal shower, held in the Cypress Room at Di-Lee's in Chicago, on Sunday afternoon, April 20. A beautiful bride doll, surrounded by four bridesmaid dolls, gowned in long pink dresses, was the main table centerpiece, and pink and white were the predominant colors in both tables and room decorations. Sixty ladies were present to view the attractive and useful gifts given to Miss Balsamello. The party was hosted by Mrs. James Rizzo and Mrs. James Scola, both of Chicago, and Mrs. Joseph Danca, Beach Grove, all aunts of the honored guest.

## Methodist Group Names New Officers

The U-MYP of Antioch Methodist Church, elected officers on Sunday, April 20. The officers for the 1969-70 year are:

President, Gary Rush; vice-president, Edwina Nevitt; Secretary, Laurie Good.

At a meeting held at Antioch Methodist Church on April 19, representatives of the 52 MYF's in the Elgin district elected Gary Rush of the local church to the office of vice-president of the Elgin Council.

This is the first time that a member of our MYF has been elected to an office of the district council.

The softball game between Kent's Kooks and Frank's Freaks was continued Sunday night. Frank's Freaks walked away with the victory.

The next week weeks will be busy ones for the MYF. Plans include a trip to the Milwaukee Zoo on Sunday, April 27; the Spring Rally to be held at the Antioch Methodist Church on May 4, and a swimming party at Potter's pool on May 18.

Anybody of junior-high or high school age is invited to join the United Methodist Youth Fellowship.

## Carol Waller Ends Study With Children

Carol Waller, daughter of Mr. and Mrs. Bernard Waller, of 617 Fairview Lane, Lake Villa, recently completed studying "Heaven to Earth" with children from the Brentwood School, Des Plaines at NIU's Lorado Taft Field Campus in Oregon.

The purpose of the experience was to teach classroom work in a natural setting.

## Needlecraft Club To Meet

The Co-Op Needlecraft Club will hold its regular monthly meeting in Pioneer Hall, 2424 Washington St., Waukegan on Monday, April 28, at 7 p.m.

Mrs. Elvira Harju, owner of the Grand Sewing Center in the Waukegan Shopping Plaza will demonstrate the Brother Hand Knitter and the Knitting Machine. She will be assisted by her niece, Miss Doris Crenshaw.

## Jane Edwards Weds Lt. John Williams

Miss Jane Edwards and Lt. John L. Williams were united in marriage at 3:00 p.m. April 19 at the United Methodist Church, Antioch.

The bride is the daughter of Mr. and Mrs. Elmo W. Edwards, 600 Parkway, Antioch. Her bridegroom is the son of Mr. and Mrs. John L. Williams, Sr., of Okemos, Michigan. The Rev. Donald Cobb officiated at the double ring ceremony.

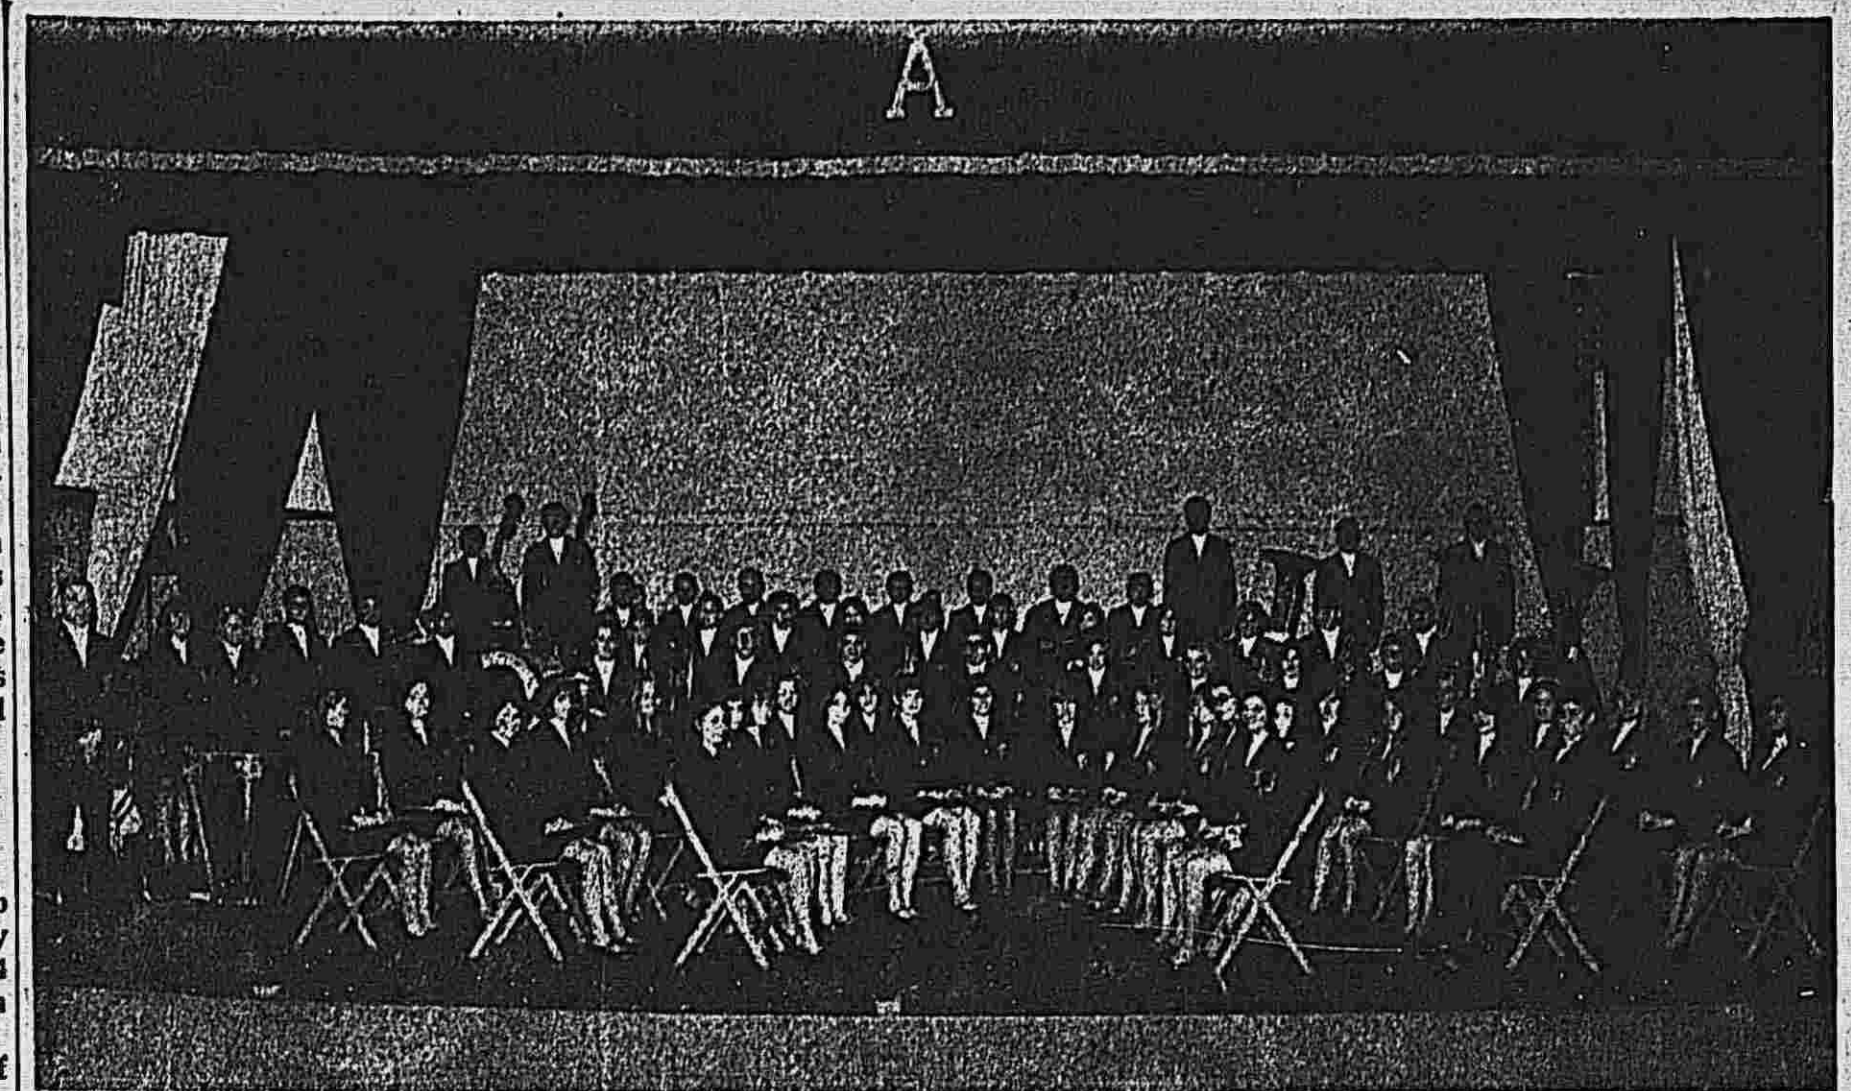

The bride chose an ivory silk organza floor length gown, applied at the bodice and hem with re-embroidered Alencon lace and with full sleeves gathered tightly at the cuffs with the same lace. Her headress was an open pillbox of lace motif beaded with tiny seed pearls which held her bouffant illusion veil. She carried a nosegay of lily of the valley and stephanotis.

Miss Janet Williams, sister of the groom, was maid of honor and only attendant. She wore a floor length gown of maize chiffon gathered at the neckline and empire waistline—with Venice lace. She carried a bouquet of yellow and white daisies.

James Edwards, brother of the bride, was best man. Ushers were Gary Morrison of Tuba City, Arizona, Robert Arhelger of Washington, D. C., and Joseph Bilitzke of Okemos, Michigan.

The bride is a graduate of the University of Michigan. The bridegroom is a graduate of Michigan State University and Leland Stanford Junior University School of Law. He is a member of the California Bar.

The couple will make their first home at White Sands Missile Base in New Mexico where Lt. Williams is now stationed.

Antioch Community High School Concert Band received a superior rating. It's the seventh consecutive year for the award at the Annual Illinois State Music Contest.

## Where The Boys Are

GLENVIEW, Ill., April 14—Aviation Machinist Mate Airman Apprentice Michael A. Mitlevic, USN, son of Mr. and Mrs. Charles Mitlevic of Rte. 1, Trevor, Wis., spent his two weeks active duty training with Naval Reserve Patrol Squadron 70V3 in the Mediterranean.

The Reserve Patrol Squadron is normally based at the Naval Air Station in Glenview, and deployed on its annual two-week training mission to Spain.

In the Mediterranean, while under the command of the U. S. Sixth Fleet, the squadron flew six SP2H Navy planes on specific patrol assignments, reporting the presence of ships and submarines of all nations to Sixth Fleet Command Headquarters in Naples, Italy.

This annual exercise is designed to maintain a peak of operational readiness. Throughout the rest of the year, reserve members of the squadron drill one weekend a month at the Naval Air Station at Glenview.

## Anywhere you can run wire, you can heat or cool—electrically.

Modern electric heating and air conditioning means comfort. Any way you want it. And anywhere you want it.

Electric heat lets you design the heating arrangement best suited to your home—and your needs. For instance, with a central system, it's easy to add air conditioning, electronic air-cleaning, or dehumidifying. You can even combine various electric heating systems, if you want. Or install zone-by-zone control for bathrooms or baby's room.

And if your house ever has to grow some just to keep up with your family, no need to invest in a bigger furnace. With modern electric heat, adding heating capacity for each new room can be as easy as adding new wiring.

In fact, give us enough wire, and we'll heat the world. And cool it. You wait and see.

## Johnson, Young Win At Waukegan

Eric Johnson of Mundelein found the right combination at feature time Saturday night and won the 30 lap Waukegan Speedway main event in 30 degree weather. Ray Young finished second and fastest qualifier Ray Freeman took third money.

A spectacular accident occurred in the eleventh lap when Dennis Burgan, running third, blew an engine and dumped oil through the first turn in the racing groove. Before the smoke cleared six cars were scattered through the turn with Jim Cossman's car going backward over the wall. There were no injuries, but three cars were eliminated.

On the restart Johnson was just ahead of Young in the lineup, however, Young's Mercury Cyclone couldn't catch Johnson's 1969 Chevelle and they finished one-two. Ray Freeman set a new one-lap qualifying time of :14.88 seconds in the preliminaries and wound up third in the feature. Rounding out the top five were Al Hagerty and Bob Carpenter in that order.

Jim Cossman won the six lap trophy dash in quick fashion in the frigid weather. Heat races went to Marty Bocher, Willie Winchester, Bob Anzinger, and Johnson. Rich Sundling won the semi-feature event with Bocher second and Rick Kleich crossing the finish line third.

The hobby stock division had its usual rough-and-tumble moments with the feature finish a real hair-raiser. Larry Kennebeck led the first six laps before Bud Herman pushed his Chrysler in front and opened up a comfortable lead. In the closing two laps Johnson was slowed by cars being lapped and found Jim Couch and Tom Reuss right on his back bumper.

In the final lap, Herman had to spin out a slower car to clear the track for his dash to the checkered flag. Reuss beat Couch in the photo finish for second prize.

SUNDAY'S RACING

Sunday night's super stock feature at the Waukegan Speedway was a photo finish between Ray Young and Paul Heitz with Young winning by a bumper. Heitz led 15 laps, but the veteran Young took the lead with ten laps to go and inched out the win. Young also won the special cash bonus for being the top point man of the weekend.

Herb Altelt led the main event for three laps before tangling with the wall. Marty Bocher led the next two laps and then Heitz moved into the lead. By the twelfth lap Young had closed the gap and was just waiting for Paul to slip.

It looked as though Young would have his chance in the 17th lap when Heitz contacted the homestretch wall while lapping Laverne Brunner. Young grabbed the lead but a red flag erased that when Brunner spun and stalled in the second turn.

Young took the lead for good in the 20th lap, but Heitz then became his constant shadow, occasionally pulling halfway alongside Young's Mercury Cyclone. Young was slowed momentarily on the final lap as he lapped slower cars. In the fourth and final turn, Heitz slipped inside Young and the two brought the crowd

to their feet as they sprinted for the checkered flag, with Heitz gaining all of the way.

The race for third money was close with Ray Freeman and Jim Cossman running bumper-to-bumper and switching positions several times. Freeman wound up third with Cossman fourth and Rick Kleich fifth.

The Hobby feature looked like a repeat as Chuck Belcher, Jim Couch, Cora Morton and Tom Reuss ran neck and neck for many laps before Couch and Reuss broke into the lead. Reuss took the lead with four laps to go, but then spun out and Couch cruised home the winner.

Late model heats were won by Artelt, Young and Kleich. Heitz came from last to first in the dash when leaders Kleich and Freeman tangled.

## Sequoits 7th In Lake Forest

The Antioch Sequoits scored 13 points to take seventh place in the Lake Forest Invitational Meet held last Saturday.

In the large 12-team meet crack sprinter Paul Yuska set one of five records as he ran the 220-yard dash in 22 seconds, beating the old record of 22.2.

Other points scored for Antioch were a third place in the 100 yard dash by Yuska, and a third in the 880 yard relay. Members of the relay were Marty Romaine, Mike O'Neill, Fred Koch and Yuska.

Rick Nelson took a fifth place in the pole vault with an excellent vault of 12 feet.

"The team appears to be rounding into shape," Coach Roger Andrews said. "We have a few rough edges but if a few of our young men get a little more aggressive, we should be near the top."

"We prefer to be on the top and conference champs. That is our goal."

Antioch Singles Tournament winners receive their prizes. Left to right, Joseph Sterbenz, Antioch Bowling Lanes presents trophy and check to Val Corbel, and Ladd Solach, Downers Grove accepts his awards from Gino Picchetti, Antioch Bowling Lanes.

## 'Eliminator' At Dragaway

UNION GROVE, Wis.—Cars in the "super eliminator" division will be the main feature on Sunday's races at the Great Lakes Dragaway. Supercharged gas dragsters, nitro burning supercharged altereds, and injected fuel "funny cars" comprise the major portion of this division.

Bill Knox of Chicago with the Dennison, Arlasky & Knox supercharged, Chrysler powered roadster will be one of cars to beat Sunday. Knox has gone over 190 mph and his car is ranked 3rd in the nation in this division.

Paul Stage of Rockford and Lee Weber of Whiting, Ind., are the other two big names. Stage is the 1967 and '68 National Champion while Weber is always rated among 10 in the country.

Sunday's races begin at 2 p.m. The usual Saturday race program will start at 3 p.m.

Grudge racing for street racers enters its third week and another big turnout is expected both Saturday and Sunday. This program runs from 6 p. m. to 11 p. m. both days.

The dragstrip is 20 miles south of Milwaukee at Union Grove.

## Antioch Edges Waukegan

The Antioch track team competed in a quadrangular meet April 15 and placed third in both the varsity and freshman-sophomore standings.

Participating in the meet besides Antioch were Notre Dame of Niles, Racine, and Waukegan.

In the varsity race Notre Dame was the winner with 83 points, Racine second with 53; Antioch, 42 and Waukegan 34. In the freshman-sophomore standings Waukegan was first with 97 points, Notre Dame next with 44, Antioch 41 and Racine 31.

Leading the Antioch attack was their great sprinter Paul Yuska. Paul took a first in the 100 yard dash, 220 yard dash and anchored the 880 relay team to a first place.

Other members of the relay team were Marty Romaine, Mitch Schwanbeck and Fred Koch. Tom Elfinger, a sophomore, took a first in the high jump.

A second was scored by Rick Nelson in the pole vault, while thirds were captured by Marty Romaine in the 100 yard dash, Jim Olson in the 880 yard run, Mitch Schwanbeck in the 220 yard dash and the mile relay team.

Members of the team are Jim Olson, Keith Church, Fred Koch, and Mike O'Malley.

Fourths were awarded to Bob Truelsen in the high hurdles, Chuck Denman in the 2 mile and Mike O'Neill in the 440 yard dash.

Fifths went to Bob Osmond in the mile and Fred Koch in the long jump.

On the frosh-soph level, Roland Cooper took a first in the pole vault for the Sequoits' only first. Seconds went to Rock Simon in the 440 yard dash, Tony Baczynski in the 220 yard dash and Randy Trunk in the pole vault.

Thirds were captured by the 880 and mile relay teams and Bill Gaa in the high jump. Fourths went to Don Koch in the high hurdles, Tony Baczynski in the 100 yard dash, Reed Aon in the 440 yard dash, Doug Camp in the low hurdles, and Jim Coia in the long jump.

Fifth places were awarded to Mary Ryzko in the 100 and 220 while Don Koch placed in the low hurdles and Bill Hagsstrom in the shot put.

## KK Area Okayed By USAC

Two USAC (United States Auto Club) Directors from Indiana inspected the KK Sports Arena's half-mile high banked oval track this past week and awarded it the final approval for USAC competition.

Flying in with their small, single engine plane and touching down on the modern Arena's drag strip were Henry Banks, Director of Competition for USAC and William F. Taylor, Supervisor of the stock car division for USAC.

The two officials were welcomed by Joseph Van Daalwyk, president of KK and Clarence (Connie) DeLeeuw vice-president and general manager.

The auto club directors were then given a whirlwind tour of all the facilities at the mid-west's largest racing center. Banks and Taylor were mainly concerned with the safety precautions of the arena and made some important suggestions which, according to Van Daalwyk, will be carried out in detail.

Both Banks and Taylor stated that they were impressed and enjoyed the tour especially after seeing many pictures and hearing numerous favorable comments from other race fans from out-of-state.

Banks then stated that "now I know why so many people talked so highly of this race track. It's a good one."

The first USAC event at the Arena will be a 200-lapper on June 1, with a \$12,000 purse with another scheduled for September.

Taylor then stated that "USAC is interested in this area and I'm sure more late-model events will be held here. The Fox Valley has great potential for late-model stockers."

The Arena is located at Hwy. 55 & County Trunk KK, Kaukauna, Wis.

## Tournament Qualifying Play Is Set

Chicago qualifying rounds for the National Public Links Golf Tournament at Erie have been scheduled at the White Pines Golf Club, Bensenville, Ill., on Friday, June 20. Deadline for entries is May 28.

The announcement was made today by Julio Campagni of Highland, United States Golf Association representative and Chairman of the Chicago and qualifying trials. The National Tournament, often called the Working Man's Tourney, will be held at the Downing Golf Course in Erie, Pa., July 9 through July 12.

Campagni's goal is to attract an entry of approximately 150 for the trials at White Pines, where the qualifying play will consist of two 18 hole rounds. Both courses of the White Pines Club will be used, all entries will play one round on each course.

Campagni says "The objective of the local committee is to send a squad of possibly six or seven players to the National Public Links Tourney site." The number of berths allotted each qualifying site, however, is dependent on the size of the field. A strong field at White Pines will guarantee at least seven places.

All golfers who do not hold membership in a private club and are amateurs in good standing are eligible to compete. Entry blanks can be obtained from Campagni, who can be reached at 312 Ashland Avenue, Highland, or at ID 2-6913.

Last year's National was held at Dallas, Texas and the winners in the Chicago and trials were: Robert Peterson, Des Plaines; Earl Gipson, Chicago; Albert Samas, Chicago; Dewey Lewis, Chicago; Ray Chamberlin, Libertyville and Ted Rachwalski, of Chicago.

The chairman emphasized that the entry deadline of May 28, 1969 will be strictly adhered to. An entry fee of \$8.50 per golfer must accompany each entry. Approximately \$3 of this fee will be retained by the Chairman to help defray expenses of the successful qualifiers.

A committee of twelve men will supervise the qualifying trials at White Pines Golf Club.

Campagni says the USGA considers entries basically on their golf merits. Entry regulations for the USGA Championship include the following:

"Entries are subject to approval or rejection at any time (either before or after the Sectional Qualifying Rounds or during the Championship) by the United States Golf Association Executive Committee at its discretion, and by clubs entertaining Sectional tests."

## The Way To A Man's Heart

The way to a man's heart is through his stomach. Fact or fancy? It depends on the objective, according to Lake County Heart Association. As a device for courtship, days, the stomach to heart route shapes up merely as a romantic cliché. But in light of present knowledge about diet and heart disease, the statement assumes new importance.

Many people who show no evidence of having developed heart disease may be increasing their risk of heart attack by eating too many eggs, which are high in cholesterol, and too much meat, butter, cream and whole milk, which are high in saturated fats. To reduce this risk, Lake County Heart Association notes, scientists recommend a meal plan that is low in saturated fats and cholesterol and still provides all the essential nutrients.

Certain, moderate changes in eating and cooking habits have been shown to retard the development of atherosclerosis, a primary cause of heart attacks and strokes.

Egg yolks and organ meats such as liver, kidney and sweetbreads are very high in cholesterol, and shellfish have moderate amounts. However, foods of plant origin such as fruit, vegetables, grains, cereals and nuts have no cholesterol.

Saturated fats tend to raise the level of cholesterol in the blood. These fats are found in many animal products and a few vegetable products. Foods containing a high proportion of saturated animal fats include beef, lamb, pork and ham, butter, whole milk, cream, and cheeses made from whole milk and cream. Saturated vegetable fats are found in coconut oil, chocolate, and many solid shortenings.

Polyunsaturated fats tend to lower the cholesterol level. These usually are liquid oils of vegetable origin, such as corn, cottonseed, safflower.

A risk-reducing diet can be adopted without drastic changes. Lake County Heart Association recommends:

1. Eat no more than three egg yolks a week.
2. Eat more meals of fish, veal, chicken and turkey, which contain small amounts of saturated fats, and fewer meals of fatty beef, lamb, pork and ham.
3. Use skim milk, fortified with vitamins A and D, and

cheese made from skim milk instead of whole milk and cream, and cheeses made from whole milk and cream.

4. Instead of butter, use margarine rich in polyunsaturated fats. Substitute polyunsaturated vegetable oils for lard and other solid cooking fats.

5. For a nutritionally sound diet, the daily meal plan should also include vegetables, fruit, cereals, and breads made with a minimum of saturated fat. Among these breads are white enriched bread, whole wheat, French, Italian, pumpernickel and rye bread, and English muffins.

### VIGILANTE LAW REPEAL SOUGHT

Gov. Richard B. Ogilvie said legislation will be introduced to repeal an archaic Illinois law allowing formation of vigilante groups. The law permits groups of 10 or more citizens to organize for pursuit of "horse thieves" and others. The governor said the act, passed in 1885, "has no place in our state today, and could be misused by misguided citizen groups."

### Holrod Tractors Move To Farm

Holrodding has moved out of the city to the American farm. The tractor pulling contest at the 1969 Illinois State Fair, in fact, may include hot rod tractors which sport aircraft engines.

So popular have tractor pulling contests become, the state fair version will last three days this year instead of the two days of prior years. Competition will begin at 10 a.m. Tuesday, Aug. 12, and end sometime Thursday, August 14.

First place for each of the three classes—stock block, rodeo and open—will earn the winner \$200 and a trophy. Second place brings \$150; third, \$100; fourth, \$75; fifth, \$50, and sixth, \$25.

## 155,000 Received Stamps In February

Nearly 155,000 persons in Illinois received food assistance through the U. S. Department of Agriculture's Food Stamp Program during February, according to Dennis M. Doyle, Midwest district director of Consumer Food Programs.

The total included 139,050 on public aid and 15,567 other low income persons. Joining the program during the month were the following counties: Bureau, Ford, Fulton, Grundy, Kane, Kankakee, Knox, LaSalle, Livingston, Marshall, McLean, Peoria, Putnam, Stark, Tazewell, and Will.

During February participants in 83 Illinois projects received about \$2.2 million worth of food coupons of which nearly \$1 million were bonus coupons. This is a bonus average of \$5.82 per person.

In 461 Midwest projects, around

745,000 persons were in the program during February. Total value of coupons was over \$14.3 million of which 33 per cent was in bonus coupons. The district bonus average was \$6.40 per person.

By participating in the Food Stamp Program, low-income families can buy more food by exchanging the amount of money they normally spend on food for coupons worth more than they paid.

Recipients spend food coupons just like cash at authorized retail food stores for any domestic food. They cannot purchase items like household cleansers, tobacco or liquor.

Doyle urges families not getting enough food to look into the program by contacting the local public aid office.

## Dead Animals Violate Law

Illinois livestock owners are urged by John L. Lewis, director of the state Department of Agriculture, to properly dispose of their dead animals to avoid prosecution for violation of state laws.

"Our division of meat, poultry and livestock has received numerous complaints of dead animals lying around in various sections of the state," Lewis said.

Under state law, it is the responsibility of the owners of dead animals to dispose of them within 24 hours after death. Failure to do so can result in a fine of not less than \$50 nor more than \$500 or imprisonment in the county jail for not more than 30 days.

"Our division of meat, poultry and livestock has received numerous complaints of dead animals lying around in various sections of the state," Lewis said.

### ANNOUNCEMENTS

REDUCE safe, simple and fast with GoBes tablets. Only 98c. King's Rexall Drug. (38-45c)

**IN MEMORIAM**  
In Loving Memory of Hazel L. Cunningham, who passed away April 26, 1967.

She wished no one a last farewell. Nor even said goodbye. She was gone before we knew it. And only God knows why.

Her busy hands are resting now. Her work on earth is done. Her worries are all over now. And her heavenly crown is won.

Our hearts still ache with loneliness. Our eyes shed many tears. Only God knows how we miss her. At the end of this second year.

Sadly missed by husband Harvey and daughter Patricia (44p)
